Make sure you can log in and find your AY 24-25 plan.

Open your plan.

If you can't find your plan, email the assessment office.

1

Set up your Plan

Click "Select Outcomes". You can choose to import your outcomes from a prior year if you've done this before.

If this is your first plan, click "Create Outcomes."

2

Outcomes should align with your program mission and describe the things you want a student in your program to be able to do. *Measures* are used to capture data about the success of each Outcome. Be sure to submit these materials before October 2024.

For a primer on Outcomes and Measures, [click here.](#)

Close the Loop

Throughout the year, keep a record of the *Measures* you've outlined and enter the data as you get it.

By the end of the academic year, make sure you enter your *Results* in your HAAP plan. To close the loop and contribute to next year's plan, use the Planning & Self Study to select an *Action* before submitting your plan.
