

FSSE-NSSE Combined Report 2024

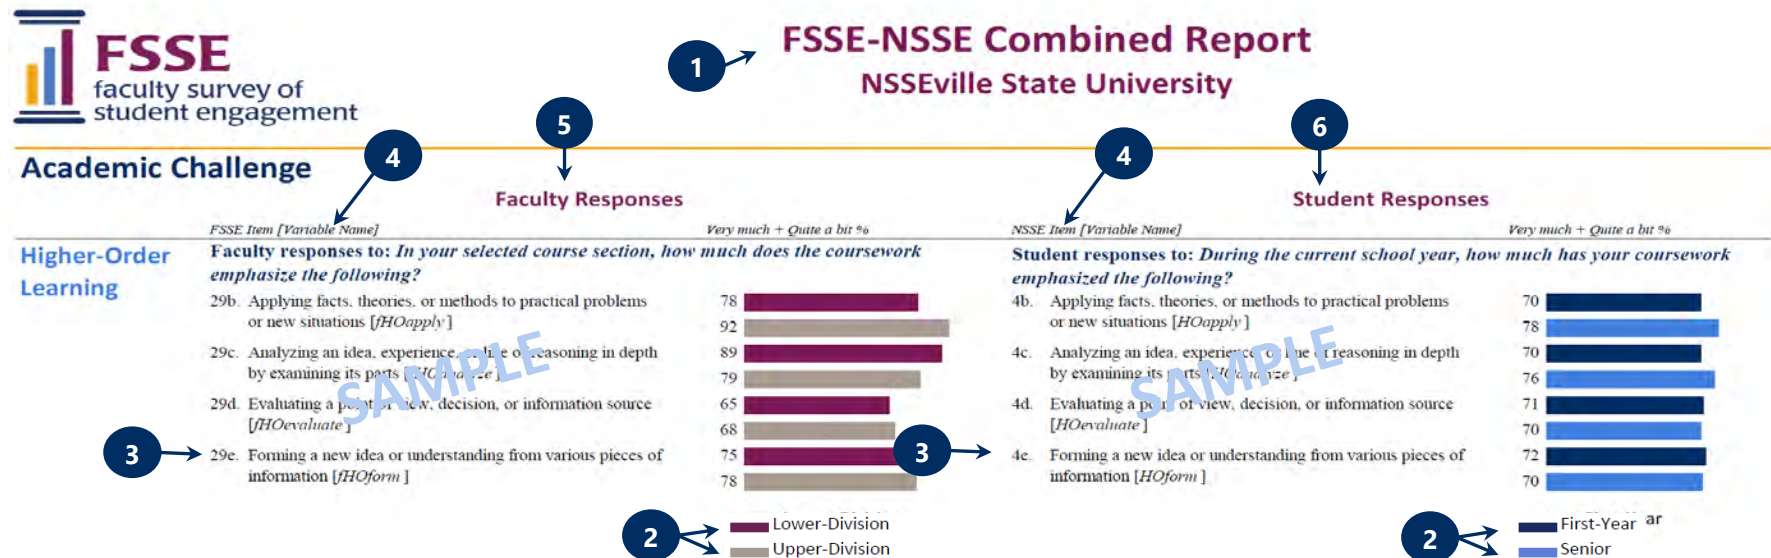

Howard University

FSSE-NSSE Combined Report 2024

About This Report

The display below highlights details in the *FSSE-NSSE Combined Report* that are important to keep in mind when interpreting your results. For more information about the survey, please visit our website (fsse.iu.edu) or contact a member of the FSSE team.

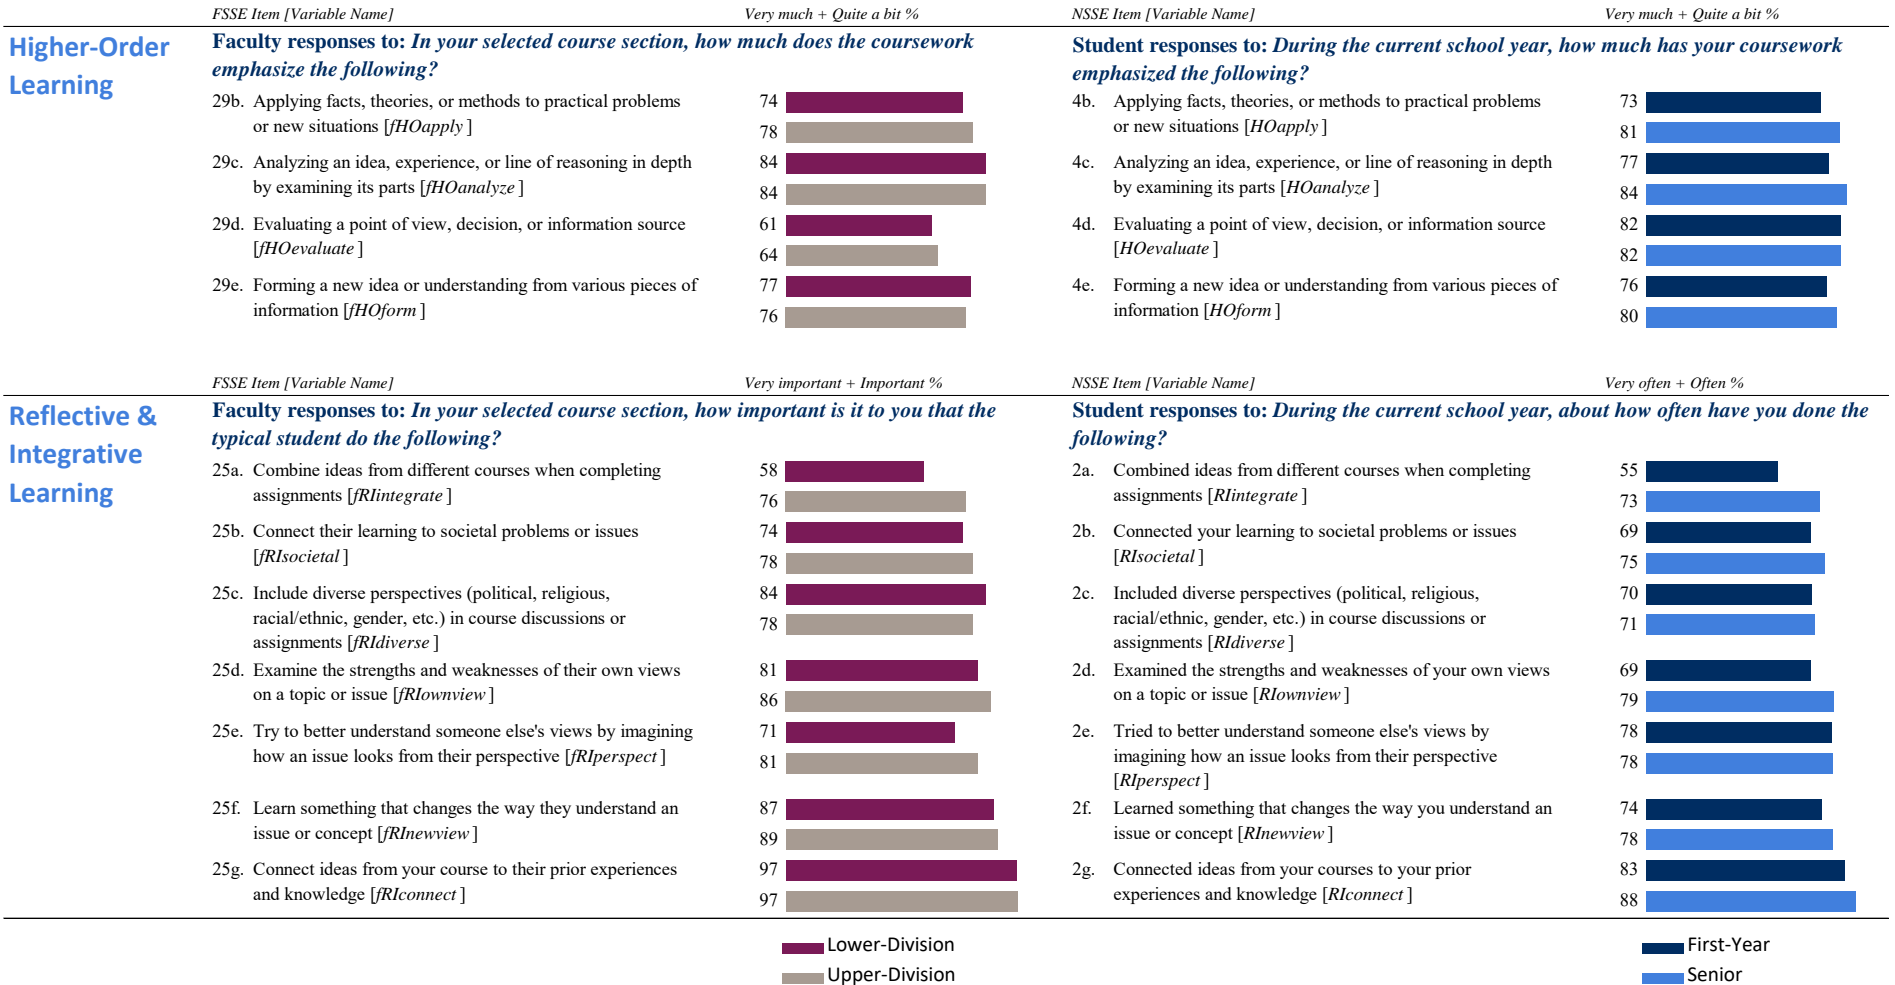

- Sample:** The *FSSE-NSSE Combined Report* shows responses from both students and faculty at your institution who completed NSSE and FSSE. This report contains responses from faculty who responded to the survey based on their experiences teaching either a lower- or upper-division course. Data from faculty who responded based on another type of course or who did not report a course level are not included in this report. All student responses are based on information from all randomly selected or census-administered students at your institution.
- Class level:** Frequency distributions are reported separately for faculty who report teaching lower-division or upper-division courses. Student responses are reported separately for first-year students and seniors as reported by your institution.
- Item numbers:** Item numbering corresponds to the survey facsimiles included in your *Institutional Report* and available on the NSSE and FSSE websites.
- Item wording and variable names:** Survey items are worded as they appear on the instrument. Variable names are included for easy reference to your data file, codebook, and other reports.
- Faculty responses:** The percentage of faculty who selected the indicated response categories. To match the response categories provided on the FSSE instrument, this column heading varies throughout the report.
- Student responses:** The percentage of students who selected the indicated response categories. To match the response categories provided on the NSSE instrument, this column heading varies throughout the report. The distribution of student responses match those in your NSSE *Frequencies and Statistical Comparisons* report.

Student Responses (from NSSE 2024)

	Faculty Responses	Student Responses (from NSSE 2024)	
<i>FSSE Item [Variable Name]</i>	<i>Very much + Quite a bit %</i>	<i>Very often + Often %</i>	
Learning Strategies	Faculty responses to: In your selected course section, how much do you encourage students to do the following?		
	27e. Identify key information from reading assignments [fLSreading]	74 75	9a. Identified key information from reading assignments [LSreading]
	27f. Review notes after class [fLSnotes]	61 54	9b. Reviewed your notes after class [LSnotes]
	27g. Summarize what has been learned from class or from course materials [fLSsummary]	65 69	9c. Summarized what you learned in class or from course materials [LSsummary]
			78 84
Quantitative Reasoning	Faculty responses to: In your selected course section, how important is it to you that the typical student do the following?		
	24b. Reach conclusions based on their own analysis of numerical information (numbers, graphs, statistics, etc.) [fQRconclude]	71 70	6a. Reached conclusions based on your own analysis of numerical information (numbers, graphs, statistics, etc.) [QRconclude]
	24c. Use numerical information to examine a real-world problem or issue (unemployment, climate change, public health, etc.) [fQRproblem]	42 47	6b. Used numerical information to examine a real-world problem or issue (unemployment, climate change, public health, etc.) [QRproblem]
	24d. Evaluate what others have concluded from numerical information [fQRevaluate]	48 53	6c. Evaluated what others have concluded from numerical information [QRevaluate]
			52 57
Additional Academic Challenge Items	Faculty responses to: How important is it to you that your institution increase its emphasis on each of the following?		
	2a. Students spending significant amounts of time studying and on academic work [fempstudy]	75 92	14a. Spending significant amounts of time studying and on academic work [empstudy]
			69 71
	Faculty responses to: In your selected course section, to what extent do you think the typical student does their best work? [fchallenge]		
23. In your selected course section, to what extent do you think the typical student does their best work? [fchallenge]	55 51	10. During the current school year, to what extent have your courses challenged you to do your best work? [challenge]	
		46 45	

Note. Response options ranged from 1=Not at all to 7=Very much; High challenge (6 or 7).

Internship or Field Experience

Study Abroad

Senior Culminating Experience

FY/SR Participation

The "FY Participation" and "SR Participation" figures display the percentage of first-years and seniors who have participated in the particular High-Impact Practice. Percentages represent the proportion of students responding "Done or in Progress" except for service-learning which is the percentage who responded that at least "Some" courses included a community-based project.

Faculty Participation

The "Faculty Participation" figures display the percentage of your faculty who participate in these High-Impact Practices in a typical week. For Service-Learning, this represents the percentage of faculty responding that at least "Some" of their courses include a service-learning component. For the remaining experiences, this represents the percentage of faculty responding "Yes" to participating in the given activity during the current school year.

Faculty Importance

The "Faculty Importance" figures display the percentage of your faculty who believed it was "Very important" or "Important" for undergraduates at your institution to participate in the particular High-Impact Practice before they graduate.
