HOWARD UNIVERSITY

data & assessment day

A hybrid conference on April 15-16, 2025

Call for Posters

We invite undergraduate and graduate students to submit proposals for poster presentations for our reception and poster session on April 16. Posters should focus on the theme **"How Assessment Data Drives Societal Solutions."**

We welcome poster submissions that explore, but are not limited to, the following areas:

- *The role of data in public health and healthcare improvements*
- *Data-driven decision-making in environmental sustainability*
- *Social justice and equity through data analysis*
- *Technology and AI applications in societal problem-solving*

Submission deadline: April 1, 2025
Submission guidelines: Please submit a 100-250 word abstract to assessment@howard.edu with the subject line **"Assessment Poster Submission"**. Accepted presenters will be provided with guidelines on formatting and display requirements.

This is an excellent opportunity for students to showcase their research, case studies, or innovative approaches that highlight the role of assessment data in shaping impactful decisions across various sectors.
